THE DOUBTER
By Edgar A. Guest

He finds it hard to sell himself
The goods upon life's well-stocked
shelf,
The truths: That wealth is but a
part

Of comfort for the human heart;
That days of labor, if you please,
Can be as bright as days of ease;
That little gardens owners keep
Are lovelier than acres deep
A force of hired men must hoe
Against the constant weeds that
grow.

He stands before the counter spread
And doubtfully he shakes his head.
Life offers him these notions queer:
That little is sufficient here;
That one can still have happiness
Without the gold the rich possess;
That nothing lasting ever comes
From pomp and fame's loud roll-
ing drums;

That self-respect and peace of mind
Are gained by being brave and kind.

These are the goods for joys and
fears
Which life has offered men for
years:

The sturdy faith our fathers taught,
The home enriched by tender
thought,

The friendships long and tried and
true,

The helpful deeds all men can do
But he, by wealth deserted, stares
At all the old and simple wares
And still imagines—God knows why
That he's something man must
buy.

The human heart is often times
hard to understand. It seems to be
so easy to dream of the future,
and so difficult to live in the present;
it seems so easy to envy
others what they have, and so diffi-
cult to make the most of what is
ours.

We let a lot of genuine happiness
pass by each day without even mak-
ing an attempt to claim a share.
We take great delight in telling
about the trip we're going to take
some day when our "ship" comes
in; or, about the de luxe motor car
we hope some day to own; or, the
mansion we shall build; or, the fine
clothes we shall wear, and in the
meantime let a thousand opportuni-
ties to acquire real happiness slide
by unnoticed.

Did you ever notice how quickly
we tire of these very self same
things which we consider so vitally
necessary for our happiness? A few
rides in the new motor car, and
our enthusiasm vanishes; the thrill
which we expected to get from
the long planned trip to distant
shores is likewise of short dura-
tion. In fact all this so called hap-
piness secured from material pos-
sessions is mighty perishable. The
joy of ownership many times lasts
but a few hours, and then we start
craving for something else which
we think would make us happy.

Did you ever wake up in the
morning and resolve to turn over
a new leaf and get all the happi-
ness you could out of that day, and
forget all about the dreams of to-
morrow and days to come? And
have you arrived at that state of
mind whereby you have discovered
that the only real unperishable hap-
piness there is, is that of service
to others?

Life is far too precious and a
glorious affair to spend it in being
envious of others and what they
have. Life is far too big and won-
derful to spend golden moments in
being jealous of others who—
to appearances—have been either more
successful than we have been, or—
who have accomplished something
that we—ourselves—would have
liked to have received credit for.

And have you discovered that
Hate is a powerful poison which
breaks down health, wrecks happi-
ness and unless controlled, eventu-
ally brings about insanity? And do
you realize that slander, gossip and
malice are nothing more or less
than the acknowledgment that you
are inferior to the one whom you
attack, and that if you were given
a mental test you would be found
to be suffering from a case of
arrested mental development or
adult infancy?

65TH YEAR, NUMBER 9

TRUCKEE, NEVADA CO., CALIFORNIA, THURSDAY, APRIL 27, 1933

ESTABLISHED 1869

PUBLIC UTILITY ELECTION WILL BE A SPIRITED RACE

HEAVY VOTE WILL BE CAST NEXT TUESDAY

Friends and Boosters of the
Two Candidates, M. J.
McGwinn and C. E. Smith,
Working Hard for Victory

The Truckee Public Utility Dis-
trict will hold an election on next
Tuesday, May 2, 1933 for the pur-
pose of electing a director to serve
on the board of directors.

C. E. Smith, incumbent director,
and M. J. McGwinn, former man-
ager of the Doyle Electric Lighting
System, are the two candidates who
will fight it out at the polls for
the office in question. Friends and
boosters of both the candidates have
been quietly working for several
weeks to effect a victory, and the
race Tuesday promises to be a very
lively affair.

Mr. McGwinn feels that he is
amly qualified to serve on this
board, as he has full knowledge of
the operation and function of elec-
tric light distributing systems. Mr.
McGwinn entered the race on a
strict platform of economy and the
pledge to serve the people of the
community to the best of his abil-
ity.

Mr. Smith has been a member of
the utility board since its organiza-
tion, and he has expressed a de-
sire to continue on with the work
which he started and see it thru.

The Truckee Chamber of Com-
merce has endorsed Mr. Smith, and
have gone on record as favoring
his re-election.

SOUTHERN PACIFIC OFFICIALS OPPOSE TRAIN LIMIT BILL

T. M. McDonald, traveling agent
of the Southern Pacific Company,
with headquarters in Reno, was in
town Monday afternoon endeavoring
to get local business men to wire
Jesse Mayo, Assemblyman from this
district, to oppose Assembly Bill
No. 2363, which prohibits a rail-
road from handling more than 70
freight cars on a freight train, or
14 cars on a passenger train.

The bill would do away with the
long freight trains of 100 and more
cars which the S. P. is now oper-
ating thru Truckee, and increase
employment for the numerous idle
train crews.

Instead of being against this bill,
it is understood that local men are
in favor of it, as it would mean, in
the event that the bill became ef-
fective, that Truckee would again
be an important railroad terminal.

CHIEF OF HIGHWAY PATROL PROMISES PATROL SERVICE

Raymond Cato, chief, California
State Highway Patrol, has advised
that effective this Saturday, he will
provide two officers to patrol the
highway between Baxter's and the
Nevada State line.

The Victory Highway thru Truck-
ee had always been patrolled until
recently, when due to the curtail-
ment of expenses, the patrol was
taken off. A half dozen or more
accidents on the highway during the
past two weeks, two of which
resulted in the loss of two lives,
has convinced the chief that this
end of the Victory Highway is very
much in need of patrol service.

ORLAND—(CPS)—Four children

Grand Chancellor K. of P.

MELVILLE Z. ELLIS K OF P ROLL CALL GUEST SPEAKER

Knights of Pythias Have In-
teresting Program for An-
nual Roll Call To Be Held
On May 5, 1933.

Melville Z. Ellis, Grand Chancel-
lor of the Knights of Pythias for the
Domain of California, will be
the guest speaker at the Annual Roll
Call to be held by the local lodge of
K. of P. on next week, Friday night,
May 5th.

The Roll Call Committee, consist-
ing of C. A. Ocker, W. M. Engle-
hart, J. F. Lichtenberger, William
Botcher, E. C. Murray and Ray
McDonald have arranged a very in-
teresting program for the event.

A feature of the Roll Call is the
reading of letters from members
of the local organization who are
unable to be present. By means
of these letters a direct contact
between the members is retained,
and each member is kept in touch
with each other.

The Annual Roll Call of the local
Knights of Pythias, is one of the
outstanding events of Truckee, and
a large number of members of the
community take in this very beau-
tiful service each year.

The following is the program:

1. Opening Ceremonies, Summit
Lodge.
 2. Selection Wyethia Choral
 3. Recitation Mrs. M. J. Moore
 4. Vocal Solo Rev. P. H. Willis
 5. Roll Call C. A. Ocker,
K. of R. & S.
 6. Vocal Solo Mrs. Dan Smith
 7. Address Grand Chancellor
Melville Z. Ellis, Domain of
California.
 8. Remarks Supreme Represen-
tative N. E. Wilson, Domain of
Nevada.
 9. Remarks Grand Chancellor
Letson Balliet, Domain of Ne-
vada.
 10. Selection Wyethia Choral
 11. Benediction Rev. P. H. Willis
- The District Convention will be
held at the same time. Representa-
tives from Colfax, Grass Valley and
Nevada City will be present.

"MADAME BUTTERFLY" FEATURE FOR SUNDAY

The Longer Cary Grant stays in
Hollywood, the more actresses he'll
like.

The young player, featured with
 Sylvia Sydney and Charlie Ruggles
in the modernized screen version
of the romantic classic, "Madame
Butterfly," which will be shown at
the Donner Theatre Sunday night,
insists that an actor can't do love
scenes properly unless the woman
in his arms—even before the cam-
era—is one he admires.

"She must be," says Grant, "the
type to whom you might make love
off screen."

"And," says Grant, "I can't deny
that I was moved by my love
scenes with Miss Sidney."

DODOTHY MAC ON AIR TOMORROW NIGHT ON RADIO STATION KQW

Claire Jones, newspaper column-
ist, better known as "Dorothy
Mac," will be on the air tomor-
row night at 5:45 P. M. on radio
station KQW at San Jose.

Mrs. Jones spends her summer
at Homewood, Lake Tahoe, and has
a host of friends throughout the
entire Truckee-Lake Tahoe-Sierra
Region.

Tune in tomorrow night and hear
her talk on the radio.

CARD OF THANKS

We wish to express our sincere
thanks to our friends for their many
acts of kindness during the illness
and at the death of our husband
and father, also for the beautiful
floral pieces. Their kindly sym-
pathy will always be remembered.

Legion Memorial Building Planned For the Community

Will Have Stage, Gymnasium, Assembly Rooms. Such A
Building Has Long Been Needed in the Community.
Lions Club and Chamber of Commerce Co-operating
On Movement.

Has Amazing Plan

This is Hermann Sorgel, ar-
chitect of Munich, Germany,
and author of the startling
"Atlantropa" project on which
he is now engaged in collabo-
ration with many prominent
persons from all parts of the
world. The project is to unite
Europe and Africa, making
them virtually one continent
by lowering the Mediterranean
Sea by means of a dam at the
Straits of Gibraltar.

Steps have been taken by the
Truckee Post, American Legion, with
the co-operation of the local cham-
ber of commerce and Lions Club
to secure a Legion Memorial Build-
ing for the community.

A representative of the local Le-
gion Post has been to Sacramento
to secure information regarding the
building of such a memorial here.

There has been need in the com-
munity for a long time for a pub-
lic building where the public might
assemble to discuss various civic
affairs, and where the young peo-
ple might enjoy a first class mod-
ern gymnasium.

The development of the commu-
nity has been severely handicapped
by not having such a building.

For several months past, both
the Chamber of Commerce and the
Truckee Lions Club have been try-
ing to work out plans whereby a
memorial building might be built
for the town. The American Legior
has stepped to the front and will
take over the responsibility of see-
ing that the community is provided
with such a building.

At the present time there is but
one Legion Memorial building in
Nevada County, and that is located
at Grass Valley. In view of the
fact that that building is located
so many miles away in another sec-
tion of the county, it is consistent
and in order that Truckee should
have a memorial building over in
the east section of the county.

The election for Director of the
Utility District next Tuesday is
arousing more than ordinary inter-
est, because of the opposition mani-
fested by the entry of more than
one candidate.

With the exception of the first
election for directors, held in 1927,
this is the first time any opposition
to the present directors has devel-
oped.

C. E. Smith, whose term as
director expires this year, and who
is a candidate to succeed himself
has been unanimously endorsed by
the Chamber of Commerce, which
body sponsored the creation of the
District, and have since cooperated
in every way to make it a success.
C. B. White, president of the Cham-
ber of Commerce and himself a
director of the Utility District, has
expressed his hope that the people
will return Smith to the director-
ship, where he has so ably mani-
fested his zeal, loyalty and confi-
dence in the District.

Under conditions that have rocked
the financial world to its founda-
tions, the District has prospered.
The solvency of the District is a
wonderful tribute to the judgment
of the Directors. One of the argu-
ments heard against the present
directors has been the leniency
shown in some cases in the collec-
tion for service rendered. Manager
Edmunds states that the individ-
ual circumstances have governed the
District's policy in such cases, but
at a meeting held Tuesday, the
directors took legal steps to force
immediate payment, if the vote of
the people indicates that the present
policy of the District should be
changed.

Even the worst skeptics must
admit that the District has been a
success and that the promises held
forth by the organizers of the Dis-
trict have been more than fulfilled
under the present directors, who
have been guided by their enthu-
siasm and loyalty and have been
acted by the courage of their
convictions.

Truckee Chapter O. E. S. Entertains Worthy Grandmatron

Worthy Grand Matron Grace Rich-
ardson Butterfield of the Order of
Eastern Star made her official visit
to Truckee Chapter No. 116, O. E.
S. last Friday evening and was
accompanied by other grand and
visiting chapter officers.

A delightful dinner was served
at the Goodfellow Cafe to the Eastern
Star officers, members and visiting
officers numbering fifty. Following
the dinner the chapter meeting was
opened with an attendance of over
one hundred which taxed the capa-
city of the hall, which had been
attractively decorated for the occa-
sion with flowers. The floor and
ritualistic work was presented by
the chapter, and was followed by
an address by the Worthy Grand
Matron, and a short talk was given
by the Worthy Grand Matron of
Nevada.

Dainty refreshments were served
at the close of the chapter meeting
and a social time enjoyed.

In addition to the Worthy Grand
Matron, other distinguished guests
were: Guy W. Brundage, Past Grand
Patron and escort of Mrs. Butter-
field; Past Grand Matron Minnie
E. Seymour; Past Grand Matron
Willie Jane Helwig; Grand Marshall
Rita Mae Cooper; Grand Ma'ron
Jessie E. Carter of Nevada; Past
Grand Matron Marie Summerfield
of Nevada and Past Grand Associate
Matron of California; Deputy Grand
Matron Ella Cayot and Deputy
Grand Matron from Quincy and
officers and members from chapters
in Roseville, Colfax, Dutch Flat,
Loyalton, Reno and Fallon.

TAHOE REGION NEWS

By CELESTE

The first thunders'orm of the season visited the Lake Tahoe Region last Sunday. The precipitation was negligible although a heavy down-pour would have been welcomed.

Mr. and Mrs. R. Duncan of San Francisco spent the week end with Mr. and Mrs. Bert Watson of Tahoe City.

Mr. and Mrs. Wm. Millward of San Francisco while enroute from Fallon Nevada, where the Millwards have spent several weeks visiting Mrs. Millward's relatives who own a large ranch there, spent several days visiting old acquaintances at Lake Tahoe. Mr. Millward was formerly the conductor of the Tahoe Tavern Orchestra and is now located in San Francisco.

Mr. and Mrs. Theodore Davis of Oakland were the guests of Mr. and Mrs. J. E. McCarthy of the Tahoe Tavern.

Mrs. J. J. Planet and son Fred motored to San Francisco on business.

Mr. and Mrs. Chas. Winslow motored to Reno on business.

Although Sunday was not the ideal day for picnics a crowd of the younger set of Tahoe City had planned an outing and not to be daunted by a mere thunders'orm motored to Carnelian Bay for a days outing. Many had anticipated having their first swim of the season but the shower prevented their so doing and the entire ensemble were forced to take refuge in the Carnelian Bay lobby.

Mrs. M. R. Planet of Carnelian Bay is making plans to establish the famous Tahoe Vista Bakery in Tahoe City. The need of a bakery located in Tahoe City had long been a crying need for the community. The par excellence of the Planet's baking assures the enterprise of success. Mr. C. Bechdolt will erect the building on his property in Tahoe City and the bakery will be operating in a short month's time.

A. B. Graham of Tahoe Vista has opened his garage and service station for the summer season.

Carnelian Bay was the scene of a delightful dinner party last Saturday evening. The charming hostess, Mrs. M. R. Planet, served many delicious and unique dishes during the many course dinner. Those enjoying this affair were Mr. and Mrs. A. M. Henry, Mr. and Mrs. Chas. Winslow, Mr. and Mrs. J. Davidson, Patsy Henry and Junior Henry, Fred Planet and the hostess, Mrs. M. R. Planet.

Tahoe Lake School was the scene of activity on Tuesday afternoon, April 25th, when Dr. Ivan Waterman, Chief of Division of Textbooks and Publication from the State Department of Education at Sacramento gave an interesting talk before the parents and Tahoeites. Owing to illness in the family of Mr. W. Morgan, who had been scheduled to speak, was unable to make the trip from Sacramento and Dr. Waterman consented to speak in his place. Many subjects which heretofore

On Thursday, the 20th, Mrs. Carl Bechdolt was hostess at a delightful seven table bridge party at Tahoe Inn. Covers were laid for twenty eight at the long dining table which graced large bouquets of purple lilacs and pussy willow. The delicious luncheon was served at 12:30, and was followed by bridge. Those who enjoyed Mrs. Bechdolt's gracious hospitality were Mesdames Henry Soll, C. W. Vernon, A. M. Henry, A. M. Anderson, Weller Atherton, J. E. Pomin, C. O. Valentine, Robert Watson, Leo Hill, George Allan, Ted Marshall, Frank Harden, G. W. Mayhew, William Crone, J. Obexer, J. J. Planet, John Stevens, George Bliss, E. H. Pomin, Fred Cowell, Chris Boyareides, Charles Swanson, Charles Winslow, and the Misses Winifred Harris, Agnes Soll, Olga Trickey and Sarah Crone. First prize was awarded Mrs. Chris Boyareides, second Mrs. John Stevens, and the consolation Mrs. Fred Cowell.

Otis Hursey, who has spent the winter months at Fallon, returned to Tahoe on Saturday. Mrs. Hursey and the new little son will not return until warmer weather.

William Warwick of the Observation Tower is responsible for the following bit of optimism: There is an old Indian legend which declares that when the cross on Mt. Tallac is plainly visible in the spring time it is an indication of a good and prosperous season ahead.

had escaped the discernment of the voters was brought home by Dr. Waterman's lecture. It is the earnest hope and endeavor of every Tahoeite to secure these estimable personages to give regular lectures at the Tahoe Lake School and enlighten everyone.

A short musical program under the direction of Mrs. Phil Gallinger preceded the lecture.

Mrs. Arta B. Flood, Rural Supervisor gave an interesting if short talk on the possibilities of rural schools. Mrs. Will Lang of Newcastle accompanied the party to Tahoe and expressed her delight in the beauties of the Tahoe Region.

Some fifty Tahoeites showed their appreciation to Mrs. Gallinger for this wonderful opportunity and attended the program.

Mrs. A. M. Henry, assisted by Mrs. J. Howrigan and Mrs. N. R. Mayfield, motored to Reno on Monday. Mrs. Henry was assured by her doctor that in a few weeks time she would be almost completely recovered. Mrs. Henry is now able to be around with the aid of a cane and was indeed happy to discard the crutches.

Mr. and Mrs. R. Watson of Tahoe City are adding several rooms to their home there.

Mr. C. W. Vernon is remodeling the Watson building next to R. Watson in Tahoe City preparatory to the opening their Curio Shop the early part of May.

Mr. and Mrs. James Finch of Reno, accompanied by Mr. and Mrs. Stanley Finch and family, spent the week end in their Carnelian Pines summer home.

with lots of fish in the lake. When the snow remains so deep the cross cannot be seen it is indicative of a poor season with no fish. So Tahoeites may rejoice, as the cross is at present plainly visible for a long distance.

And altho Tahoe still has plenty of snow spring is just around the corner. The robin and pussy willow have been with us for some time but now has started the march of the long string of itinerants who each year make the rounds of resorts and private estates seeking the ever elusive job. There is also much evidence of spring gardens being planned and started.

Mrs. Emma Gargan of Penryn, mother of Professor Henry Hinkle of Tahoe and Stanford, is visiting her son's family here for a week.

Mr. and Mrs. Wm. Bambroch of Auburn were visitors at the C. W. Vefnon home on Sunday.

Mrs. W. E. Jones (Dorothy Mae) who will speak over KQW at San Jose on April 28th at 5:45 P. M. and afterwards address 300 deaf people (who read the speaker's lips) was judge on Saturday at Antioch in the Jubilee Pet Show. She expects to take up her summer residence at Homewood about the middle of May.

The new store to be built adjoining the Sandwich Shop at Tahoe by Carl Bechdolt was started on Sunday. Rumor has it that a new cash and carry grocery will occupy the new building but definite news is not yet available.

Mr. and Mrs. Si Pierson and daughter Blanche and Mrs. Joe Howrigan were Reno visitors on Thursday where they took in a show and shopped.

Visitors at the Swanson home on Sunday included William Topp, Otis Hursey and Herbert Nichter.

Mr. and Mrs. C. W. Atherton and niece Margaret Luhrs, accompanied by Mr. and Mrs. A. M. Anderson and daughter Kathleen, spent a most enjoyable week end at the Atherton home at Fallon. They visited at the homes of several Fallon families who formerly resided at Tahoe, these being Mr. and Mrs. Aylmer Meder and Mr. and Mrs. Will Balgoyme.

The old Watson home in Tahoe City, adjoining that of Mr. and Mrs. Bob Watson, is being reconditioned and renovated this week and will open its doors soon as an art and curio shop.

Mr. and Mrs. Ralph Duncan were week end guests, visiting at the Bert Watson home here. Mr. Duncan was formerly employed as ticket agent at Tahoe.

Mr. and Mrs. Millward of Fallon stopped over at Tahoe while enroute to San Francisco, to visit their many friends in town. Mrs. Millward was orchestra leader at the Tavern during the summer months.

Mr. and Mrs. J. J. McCarthy entertained Mr. and Mrs. P. Davies of Oakland over the week end.

MEEK'S BAY NEWS ITEMS

By Mrs. Chas. R. Heller

George Kehlet, manager of Meek's Bay Resort accompanied by his wife and daughter, left Tuesday for Alhambra after spending Easter week end with Mr. and Mrs. Chas. Heller of Meek's Bay. Mr. Kehlet will return to the resort for the summer season about May 15th. He believes business has taken an upward trend and that progress has been spurred until there is a broader and more forward movement in all branches of trade, and is influenced by that expansion to be prepared for a busy season.

Miss Rosalie Heller returned with Mr. and Mrs. Kehlet to Alhambra to complete her course in beauty culture. Miss Heller will take the State examination about July 10th, when she expects to venture in her chosen profession.

Mrs. H. M. Walker of Rubicon Park was hostess on Monday at a luncheon honoring Mrs. George Kehlet of Alhambra and Miss Rosalie Heller, who is spending the winter in Alhambra. Other guests were Miss Jean Kehlet, daughter of Mrs. George Kehlet, Miss Pearl Chilson of San Francisco, and Mrs. Chas. Heller of Meek's Bay. After a delicious repast, the afternoon was (Continued on Page 4)

Mr. and Mrs. John Stevens were hosts at a Sunday dinner to a number of local friends. Those present included Mr. and Mrs. Si Pierson and daughter Blanche, Mrs. Henry Hinkle, Mr. and Mrs. W. A. Simmonds, Mr. and Mrs. N. R. Mayfield and the genial hosts Mr. and Mrs. John Stevens. The after dinner diversion consisted of bridge.

Mrs. Ann Baker was a guest of the Alquist home at Emerald Bay on Saturday.

Mr. and Mrs. Chris Henry have arrived at Brockway for the season.

Early Monday morning two men made their way into Tahoe on a freight car after a companion had been arrested in Truckee during an unsuccessful attempt at robbing the S. P. Hotel there. They walked into Tahoe Inn, which is operated by Constable Carl Bechdolt, about 7 A. M. offering to work for their breakfast. It had just been served when a telephone call informed the Constable of their escape from Truckee and warned him to be on the lookout for them. He immediately placed them under arrest. A few moments later one of the men asked to use the bathroom, and shortly afterwards the window in an adjoining bedroom was found open with footprints leading away in the snow toward the hills. A posse headed by Constable Bechdolt and Deputy Sheriff Chas. Swanson followed his tracks for miles but lost his trail in a rocky canyon near Trout Creek. Deputies guarded the highways leading to and from Tahoe all Monday night, and Tuesday. As this goes to press no trace has been seen of the escaped man. All cars are being stopped and searched also. The two men under arrest, who refuse to give names or other information, claim they came into Truckee a short time ago on a "side door pullman" from Sacramento.

HOBART MILLS

By MRS. R. McDONALD

Miss Barbara Blaess spent last week in Hobart with friends, having come up from Berkeley.

Mr. and Mrs. G. D. Oliver drove up from Berkeley last week and spent several days here.

Mr. and Mrs. W. Devline were the week end guests of Mrs. Devlin's sister, Mrs. Harry French. They returned to their home in Modesto Monday.

Mrs. E. C. Murray and son Jack accompanied by Mrs. A. Murray and small son, drove to San Jose Tuesday for several days visit.

Nancy Oliver, who has been visiting relatives in Berkeley for some time, has returned to her home here.

Mrs. D. Lacy is spending a couple of weeks in Carson with her mother, Mrs. Martha Schultz.

Mr. and Mrs. G. Hampson have gone to the coast where they will visit with relatives for a couple of weeks.

Mrs. J. J. Jett, the Hobart Mills postmistress, has been laid up several days but is able to be back at her post.

Mr. and Mrs. H. J. Wood have returned to Hobart after a two weeks vacation spent in San Francisco.

Mrs. M. Downing and son Howard left this week for Sacramento where she intends to make her home.

Word comes from Q. P. Harris, who was operated on in a Berkeley hospital that he is improving steadily.

Mrs. P. Thiebault has returned to her home after several months spent in San Francisco. She returns much improved in health.

NORDEN NEWS

By C. W. KRAMER

The wife and children of James Fulbright of Norden are making an indefinite stay at Auburn visiting friends and relatives and attending to several business items.

Frank L. Rectory and Halford Hackley, prominent residents of Norden, spent Monday evening of last week to good advantage at Truckee, they having motored to town.

John R. Thorburn and Jack Sheriff Cressy have been quite busy this week getting all their paraphernalia in readiness for the opening of fishing season next week and are anxious for the warm weather to open the lakes so that the finny trout can get their eyes all focused for the fine large assortment of fishing tackle and feed that they have added to their already large assortment. A big time is in for someone. If not, the trout will relish their feedings from their hooks.

On Hong, second chief culinary artist of Norden eating car, was the guest of honor to a banquet tendered in his honor by Jim Leung of B&B 108 and Louie Foo of Extra Gang No. 2 of Tunnel Six on Tuesday evening prior to his departure for San Francisco where he plans to visit relatives and friends for several days.

Mrs. William J. Sellick Sr., wife of Norden's first trick Towerman spent several days in the valley visiting relatives during Easter and reports having had a grand time and brought back some of the latest creations along fashion row.

William Sellick Jr. of Norden has been seen quite often recently spending his time in and about

Spruce. The fishing season will soon be with us, which might account for much as there are many lakes in that vicinity which are still frozen over, from all accounts.

Word has been received at Norden of the burning to the ground late last week of the residence of C. H. Cook of Loomis. Clarence, until recently, was a resident of this community and we are sorry over their great loss.

T. E. "Honey" Eversult of B&B 108 Tunnel Six spent this week end to good advantage in and about Sacramento.

Vincent Antonicelli, our efficient section foreman at Norden, was missed away from his post for several days last week while he and his family spent the Easter festivities in and about San Francisco. They viewed Old Ironsides at the dock in Oakland while there. He was relieved by James Fulbright, a foreman of much experience.

Mrs. J. C. Lyon of Norden Grocery returned to her home this week after having spent several days in Sacramento visiting friends and relatives and attending to business details in reference to adding new stock to their fine array of merchandise on their shelves.

Kenneth Lyons and Ernest Van Der Volgen, who until recently were students at the Fair Oaks High School, have transferred their course to the Truckee High where they are now enrolled. Look out coeds.

Pete Bertolucci, who until recently has been a prominent figure at Norden as a track walker, was moved to Floriston in the interest of the company and he was relieved by his very capable assistant "Slim" Shane.

Joseph Northey and Noble Robinson of B&B 108 Tunnel Six were Roseville visitors last week among relatives.

Harvey Bush made a hurried trip up from the valley last week to be with his family at Tunnel Six.

Charles N. Vanderford of B&B 108 Tunnel Six returned to his place of abode today after having spent a few days with his family in Sacramento. He motored up with Sidney Snyder.

George Kading and Wayne Libbee of B&B 108 Tunnel Six were recent visitors among relatives and friends in Sacramento.

George Gangler, who has been visiting friends at Norden for some time, returned to his home in Sacramento last week.

Floyd Briggs, chief accountant of Extra Gang No. 2 of Norden, spent a couple days with his family at Sacramento.

Andrew Guidi of Norden was a Truckee visitor this week.

Joseph Casari and Andrew Pfeiffer of Norden motored to Sacramento last week on business.

BEER MAY BE SOLD ONLY WITH MEALS

SACRAMENTO, Cal., April 27—(CPS)—Every "hot dog stand" on California's highways a beer vendor? This question is now before the California state legislature following adoption by the senate of the Peterson beer control bill which permits beer to be consumed only in establishments selling meals. Senator Ralph E. Swing, San Bernardino, objected to the bill in that form, because it failed to include drive-in lunch stands where sandwiches and light lunches are sold. He indicated he would attempt to amend the act.

spent in sociable games and congenial chat.

Captain Hans Hansen of Rubicon Lodge, assisted by his genial friend and companion, Harry Grayson served a delicious dinner on Monday evening prepared by Captain Hansen, who is known not only for his beautiful paintings but also for his culinary art, and ability to preside as a perfect host. Guests for the evening were: Mr. and Mrs. George Kehlet of Alhambra and their daughter Miss Jean, Mr. and Mrs. Chas. Winslow of Tahoe Pines, Mr. and Mrs. Chas. Heller and Miss Rosalie Heller of Meek's Bay, Bridge and Pedro were the after dinner diversions.

Mr. and Mrs. H. M. Walker of Rubicon Park had as their house guests the past week Mr. and Mrs. Wm. Cox of Portland, Oregon, and W. L. Crow of Venice.

Mr. and Mrs. F. B. Morefield and daughter are guests of Mr. and Mrs. H. M. Walker of Rubicon Park. The Morefields spent the winter in Virginia and have returned to the lake for the summer.

Captain Hans Hansen of Rubicon Lodge was pleasantly surprised on Thursday night when neighbors and friends called on him to extend congratulations and offer gifts, the occasion being his birthday, also the wedding anniversary of Mr. and Mrs. Chas. Heller of Meek's Bay. After Captain Hansen sufficiently recovered from the surprise, refreshments were served which had been provided by the guests, after which Pedro and hearts were enjoyed until a late hour. The guests were Mr. and Mrs. H. M. Walker of Rubicon Park, Mr. and Mrs. Wm. Cox of Portland, Oregon, Mr. and Mrs. Wm. Warwick of Meek's Bay Vista

Mr. and Mrs. Joe Silver and son Jack of Berkeley, Mr. and Mrs. Joe Henry of Tahoe City, Mr. and Mrs. Chas. Winslow of Tahoe Pines, Mrs. Planett and son Fred of Carnelian Bay, Miss Pearl Chilson of San Francisco, Mr. and Mrs. Chas. Heller of Meek's Bay, Harry Grayson and the honor guest, Captain Hansen.

Mr. and Mrs. Frank Dirhold of Eagle Rock have arrived at Meek's Bay for the summer, where Mr. Dirhold operates the service station.

Mr. and Mrs. A. Richardson arrived at Camp Richardson last Thursday to get the resort in readiness for the summer season.

Mr. Robinson arrived at Bijou on the 20th to open the Tahoe Meadows Garage.

The steamer "Meteor" arrived with equipment that will start work on a foundation for a new pier at Ziegler's.

Mr. Chris Chrisander, Swedish author who spent the winter on the Baldwin Estate, is leaving soon for Los Angeles.

Mrs. Craven of Sacramento, daughter of Mrs. Price of Fallen Leaf, arrived Thursday to look over conditions of the roads into that place of which Mrs. Craven is manager.

Mr. McQuish returned to Echo Summit after a few days spent in Sacramento.

Everyone seems busy these days repairing fences and minor damage done by the snow during the winter.

including Assemblymen Jesse M. Mayo, Angels Camp; H. B. Scudder, Sebastopol; C. C. Cottrell, San Jose; Lucius Powers, Fresno; H. R. Alter, Ontario; Samuel Robinson, Imperial, and Clifford R. Kallam, Watsonville.

If this gang sticks together, watch for results.

RACING. Governor Rolph privately admits that he is in a tight spot over the bill legalizing horse race betting.

William Randolph Hearst doesn't want the bill signed. Neither does Harry Chandler, Los Angeles publisher.

On the other hand, if the governor doesn't sign the bill, he antagonizes many San Francisco political friends of a lifetime.

It is a bet here that he signs the measure, explaining that he is really referring it to a vote of the people, as the referendum will undoubtedly be invoked upon it.

CONSTITUTION The people will vote in 1934 on the question of calling a convention to redraft California's much-patched state constitution.

The proposal in the form of a resolution has passed both houses of the legislature.

Much of the material now in the constitution should really be statutory law, it is pointed out, while a large part of it is obsolete.

SNAPSHOTS. Governor Rolph asked the senate to confirm the appointment of his son, James Rolph III, as state pilot commissioner.

The executive went out of his way to tell of the big demand for this appointment, and thereby excited the suspicion of Senator W. P. Rich.

Rich asked that the confirmation be postponed for investigation. Senator Herbert W. Slater, Santa Rosa, has dubbed the present session the "Legislature of Attempted Economies, Many Controversies and Not a Few Moratoriums."

Jobs of 30 special attorneys in state departments were abolished under a bill by Assemblyman Ted Craig, Brea.

It provides all legal work be in the hands of the attorney general.

HOW often do you forego the deliciousness of a plump fowl or a juicy roast for your family's Sunday dinner because you know that all of it will not be eaten at one meal? Many homemakers buy only small tender pieces of meat for roasting or baking, or buy expensive steaks and chops instead of the larger and less expensive cuts simply because they dread serving reheated meats and vegetables on the second day.

This is ridiculous when you stop to think how many really delicious dishes can be concocted from Sunday's left-over cake can be converted into tempting desserts or bits of pastry can be coaxed into colorful tarts that melt in your mouth.

Turkey or Duck Ragout
Take the ragout of turkey or duck in the first menu. Turkey

and duck are both inexpensive right now, yet they seldom appear on the table of the small family because of the left-over problem. Well—the next time you feel tempted to buy one of these succulent fowls, go ahead. Serve them the first day in all of their golden, roasted glory to your favorite guests and the second day serve the ragout.

Take the left-over fragments of either duck or turkey and cut up enough of the cold meat to make three cups. Put into a saucepan any of the gravy that was left, add a cup and a half of canned chicken soup. Season with salt, pepper, a teaspoon of Worcestershire sauce and a dash of nutmeg. When partly heated add gradually three tablespoons of browned flour that have been mixed with three tablespoons of brown butter. Stir constantly until the mixture is very thick and smooth. Then add three tablespoons of currant jelly and one-half cup of sherry wine flavoring. Bring to a boil, add the meat and heat thoroughly. Serve on a hot platter garnished with potato puffs. This will serve five.

Potato Puffs

Reheated mashed potatoes may be used for the puffs although freshly mashed ones are more delicious. Beat three cups of the mashed potatoes with well beaten egg. Add salt and one-half cup of hot milk and one pepper and a small amount of onion juice. Beat in two tablespoons of melted butter, then form into puffs and brown quickly in a hot oven.

STATE FAIR IS ASSURED

Now that the future of California's state fair is assured, state officials are hoping that an exhibit from Nevada county will be a feature at the big exposition this September.

Such is the hope of A. B. Miller of Fontana, president of the state fair board, who says that the fair this fall will be in the nature of a celebration of the "new deal" for agriculture, both state and national.

When senate and assembly committees both whacked out the support item for the state fair in Governor Rolph's biennial budget it was thought for a while that the annual event would have to be suspended.

Then foxy generals behind the bill legalizing pari-mutuel betting at horse races seized upon the opportunity of linking the measure with the fair. Consequently it was provided that \$100,000 from the revenue derived by the state license tax on racing tracks would go to support of the fair.

Similar provisions were also made for state aid to the Southern Calif-

ornia citrus fair and to county fairs all over the state. The bill went through both houses easily and is now before Governor Rolph for signature.

Friends of the fair pointed out that because a similar measure was defeated on the ballot at the last general election, there is every evidence that referendum will be invoked, and that any revenue thus derived by the state will be too late for this year's fair.

As a result, efforts are now under way to get a conditional appropriation from the legislature to assure continuance of the state fair this year. In case the racing bill is upheld by the voters, the money would revert to the state's general fund.

California's state fair, which has played a major part in the state's agricultural life for nearly 80 years, is the second oldest and largest of its kind in the United States. It represents an investment of approximately \$2,000,000, and has been visited by more than 300,000 persons a year for the last six years.

"Everlasting Punishment" will be the subject of the Lesson-Sermon Sunday, April 30, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "Is not destruction to the wicked? and a strange punishment to the workers of iniquity?" (Job. 31:3). Other Bible citations will include: "For the Lord knoweth the way of the righteous: but the way of the ungodly shall perish" (Ps. 1:6).

The Lesson-Sermon also will include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Through the wholesome chastisements of Love, we are helped onward in the march towards righteousness, peace, and purity, which are the landmarks of Science. The true idea of God gives the true understanding of Life and Love, robs the grave of victory, takes away all sin and the delusion that there are other minds, and destroys mortality."

"Have you a skeleton in your closet?"

"No, it's out in the garage. I forgot to lock the doors last night and somebody took everything except two wheels and the frame."—National Humorist.

FORESTS ENDANGERED BY PINE BEETLE

SACRAMENTO, Cal., April 27—(CPS)—Control of the western pine beetle will be one of the important functions of President Roosevelt's "conservation crops" camps in California.

This assurance was given to Governor Rolph by Secretary of Agriculture Wallace after Rolph had telegraphed California's two United States Senators, William Gibbs McAdoo and Hiram Johnson.

"I was told by John McLaren, superintendent of the Golden Gate park, that we will soon have no forests at all if we don't control the pine beetle," said the governor. "It is estimated that the annual damage done by this pest is greater than the value of timber that is cut."

Here's Thrifty Woodpecker

ARBUCKLE, Cal., April 27—(CPS)—They used to point out the ants as the object lesson of thrift. Now it's the woodpecker.

W. P. Jacobs, oil man, went out to his well near here, to bail it out. The bailer, a piece of 3-inch pipe 30 feet long, had been hanging to the derrick for months.

The men noticed it was heavy. Investigating, they found that woodpeckers had filled it to the brim with acorns.

Use Electricity Safely

Protect Your Home and Family

A FEW SIMPLE RULES

1. If a fuse blows out, you are either overloading your wiring system, or you have a defective appliance connected to your outlets. The trouble is not corrected by increasing the size of the fuse, which is the electrical safety valve. Use not larger than 15 amp. fuses for your house circuits. Never place a metal washer or coin behind the fuses, thereby eliminating all chance of fuse protection.
2. Have all appliance cords repaired or replaced when they become worn or ravelled.
3. Have all your electrical wiring done properly with the right material by experienced electricians.
4. Wires must not be tacked to walls or baseboards with staples. Connected extension cords hung on nails very often cause serious fires since the weight of the cord, after a time, pressing the insulation away from the wires, causes a short circuit.
5. Brass-shell sockets in bath rooms and on concrete floors in basements often cause serious injury from electrical shocks.
6. Do not move or handle electrical appliances, such as heaters, violet rays, curling irons or washing machines while your body is in contact with water piping or grounded metal.
7. Always keep electrical heating devices away from combustible materials. Provide an approved metal stand for the iron and use it, whether the current is on or off.
8. Do not leave small children in charge of portable heating devices that are in operation. They may turn them over on your newspapers, curtains or rugs with serious consequences.
9. Lights in clothes closets should never be left burning when the door is closed. The light socket must be well isolated from all inflammable material.
10. Never use irons, toasters or other similar heating devices to warm the bed. There are numerous approved electric heating devices for this purpose.
11. Keep cords to portable lamps in view and away from rockers and the like. You encourage trouble when they are placed under the rugs. If the standard length cord that comes with your device does not reach your present convenient outlet, you need another properly wired outlet, placed where you can easily and safely plug in the cord.
12. Never use gasoline in an electric washing machine.

PLENTY OF GOLD IN STATE, SAYS STATE TREASURER

By CHARLES G. JOHNSON
State Treasurer of California
(Written for California Press)

Special to The Truckee Republican
SACRAMENTO, Cal., April 27—(CPS)—Gold is the only commodity that has withstood the ravages of the greatest depression the world has ever known.

The people of the nation are again centering their attention to California's gold resources. To date her production of the yellow metal has totaled nearly two billion dollars.

Much of this was from the rich placer surface mining during the early days. The value of our remaining gold-bearing gravel deposits is beyond estimate. The state mining bureau estimates that \$600,000,000 can be taken out profitably at low cost in chartered and known mineral areas. These placers can be mined by sluicing or hydraulicking.

The general impression prevails that hydraulic mining is prohibited by law. This is not entirely a fact. Hydraulic mining is permitted under proper safeguards, such as will amply protect navigation in our rivers and without damage to farm lands.

It is further interesting to know that California has four gold quartz mines that are more than one mile in depth, and produce gold from their veins at that depth. The Argonaut and Kennedy mines on the

Mother Lode in Amador county, and the North Star and Empire mines at Grass Valley in Nevada county. There will be many more in the immediate future.

So far as the gold veins in California are concerned, the surface has hardly been scratched. Before adequate development may start, a permanent organization must be effected.

Direct and practical action is necessary. An advisory board should be created, consisting of a delegate from every chamber of commerce of the mining districts of our state to cooperate with the state division of mining. All present powers of the state corporation department relating to mining should be vested in the department of mines.

It is time the California miner be relieved of the destructive and pernicious activities of unnecessary regulation in the production of gold.

The first thunder storm of the season in town arrived last Sunday afternoon. There was considerable lightning and rain.

The grammar school was closed last Thursday morning, so that the children might pay tribute to John Mazza, late janitor of the school, whose funeral was held at the Catholic Church. Mr. Mazza was a great favorite with the pupils, and his death brought great sadness to them. The children sent a floral offering as a tribute.

Mr. and Mrs. Roy Feathers have returned to town from a trip to Los Angeles where they attended the Masonic Convention. Mr. Feathers reports that there is an abundance of fruit in the Southern part of the state, and that big, juicy lemons are bringing but five cents a dozen. Large naval oranges may be purchased at the rate of five dozen for twenty cents.

Charles A. Ocker gave a Dutch supper in Odd Fellows Hall last Friday night in celebration of his forty-eight years membership in the Knights of Pythias. A large crowd was present, and several interesting talks were given by members.

The next meeting of the Truckee Chamber of Commerce will be held at Besio's Restaurant Monday noon May 1st.

Mrs. Edward Jordan and Mrs. John Titus of Sacramento were in town to attend the Woodcraft banquet on Tuesday evening.

PROMPT AND COURTEOUS SERVICE

VOTE FOR McGWINN

Fellow Citizens and Voters:

Being a candidate for the office of Director on the Board of Directors of the Truckee Public Utility District at the election to be held on May 2nd, I wish to take this means to explain my reasons for same.

I have in view the following:

A substantial reduction in the cost of operation without jeopardizing the efficiency of the plant by the following:

Dispense with the services of high priced individuals who are no longer necessary to retain. You paid big money and at this time I am informed you owe no small amount of money for services that your directors can and should have obtained free of cost to you from your paid servant at Nevada City.

All local personnel of the district should render a reasonable amount of service to the district for a stipulated monthly salary. Conserve on the waste of electrical energy by grouping your street lights in three to five with switches. You would obtain the same amount of illumination with half the cost to you from the wholesaler. The purchase of line material and equipment wholesale in one year would be quite a saving.

I advocate the owning of your own building to house the district's equipment. This could also be used by our local and national civic organizations. The publishing of a financial report every six months. You have the right to know how your business stands.

The whole thing in a nut shell is to reduce the high cost of operation and every dime saved should be and can be returned to you, its owners, not in cash but in cheaper current.

Whether successful or not in this contest, I have nothing to gain and nothing to lose. I seek no high salaried job. The monthly pay attached is a trifle less than the cost of a half ton of coal. I will cause no unemployment, but will create the position of cashier, bookkeeper and clerk to handle your complaints, your comments and your money.

Respectfully,

M. J. McGWINN

The most wonderful thing about life is that every individual has an equal opportunity to build the structure of his life in accordance with his own plans. You are your own architect and builder. You can make your life a beautiful memorial which will be admired by all, and one to be long remembered as an inspiration to others, or—you can make a house of sand to crumble away and be forgotten when you leave this world.

Type of Movies You Attend Reveal Your Intelligence

SACRAMENTO, Cal., April 24—(CPS)—The type of movies you attend is a good index of your intelligence.

This is the conclusion of psychology professors at the University of California, as a result of tests made in several cities.

In the tests, selected groups were invited to see a movie. At the conclusion of the show, each guest was asked to fill in a questionnaire concerning the picture.

"A statistical study of the answers yields results as accurate as the Army Alpha or other accepted tests," the study said.
